## Daetwyler Clean Energy Ground Mount Solar Mounting System Specifications

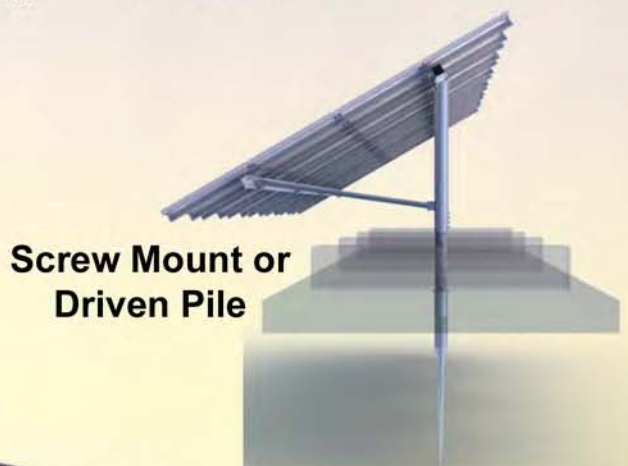

Daetwyler Clean Energy's Solar Ground Mount System, with its **Easy Lock™** or **Speedi-Mount™** mounting design and single mast is appropriate for all topographical challenges and is the overall most economical system available. In addition to eliminating field cutting and drilling, these mounting systems are also designed to eliminate 30% of the mounting hardware customarily required by other solar mount manufacturers. This significant reduction in parts makes it the quickest system to install.
